

50 SW Bond St. Suite 4 Bend, OR 97702

Safe Routes to School Grant Program Workshop

Date: March 14, 2019

Time: 12:30-2:15pm

Location: Redmond Public Works Training Room

243 Antler Ave

Redmond, OR 97756

Agenda: 1.75 hours

- Welcome and introductions (10 minutes)
- Workshop overview (5 minutes)
- Non-infrastructure Program and application process (15 minutes) – Brian Potwin
 - Description: Workshop participants will learn how to apply for the SRTS Non-Infrastructure program, a grant provided to help communities educate and encourage walking and rolling to and from school.
- Project Identification Program and application process (7.5 minutes) –LeeAnne Fergason
 - Description: Workshop participants will learn how to apply for the Project Identification Program, a service provided to cities, counties, and school districts to help communities collaborate and create a prioritized infrastructure project list for 1-3 schools in order to address barriers for students walking and rolling to school.
- Rapid Response Program and application process (7.5 minutes) –LeeAnne Fergason
 - Description: Workshop participants will learn how to apply for the Rapid Response Grant Program. Grants will provide funding for infrastructure projects that address barriers for students walking and biking to school, can prove urgency, and cannot wait for the next round of funding for the next SRTS Infrastructure Competitive Grant cycle in 2020. Other eligibility requirements apply.
- Q and A (60 minutes)
